

## Validation of Physician Interaction

You are reading the notes written by the students to confirm information regarding your hospital's doctors, as the program's instructors could not track all the many doctors at all the hospitals. You may also write notes if you have feedback to give to the student.

1. From the left-side menu choose Students → Doctor Interactions.
2. Select the student whose interaction you'd like to validate. Next, from the Action column, choose "Edit".

Student	Points	Time	CI	Hospital
Adam Baldwin		54		03-Initech Community Hospit

3. You will next see the physician interactions entered by the student you selected. Select one you wish to validate (one that has no entry in the "CI" column), and again select "Edit" from the Action column.
4. Choose the 2nd blue bar titled "Respiratory Care Physician Interaction Entry" to view the entry.
5. Review the note written by the student. If you are satisfied with the content of the note and its validity then you can sign off on it.
6. Select the box next to "Date of CI Signature" and use the pop-up calendar for the date. If you try to type in the date, the system may not be able to correctly process the date. You should find your name auto-filled in the "Clinical Instructor" box. You can also write a response in the box under "Clinical Instructor Response" if desired.

Adam Baldwin - Respiratory Care Physician Interaction Entry

Interaction Date: 01/19/2017 \* Required      Rotation Site: 3CH-Term 2

Date of CI Signature:       Clinical Instructor: 03-Michael 03-Bolton

Date of School Signature:       School Coordinator: Not An Administrator

Amount of Time Spent:       Points Awarded:

In Minutes

Student Interaction Summary:

1	2	3	4	5	6	7
8	9	10	11	12	13	14
15	16	17	18	19	20	21
22	23	24	25	26	27	28
29	30	31				

monitored the vent. The paramedics arrived and we helped m  
to the portable vent carried by the paramedics. They secure  
d items, and left the ER.

Clinical Instructor Response:

7. When done, select a "Save" option. You will know you have correctly validated the entry when you see the green bar at the top left with the text, "Success: interaction record saved successfully." You will also see that your name will appear in the "CI" column of the record.
